## About Peace Camp

Little Friends for Peace works to create environments where campers and counselors alike **experience, learn and practice** peace. LFFP teaches peace as both an alternative and an answer to violence. Campers discover that peace begins with them – through our activities which encourage critical thinking and cultivate compassion.

### Camp Activities Include:

*"Darkness cannot drive out darkness,  
only light can do that.  
Hate cannot drive out hate,  
only love can do that."  
~ Martin Luther King*

## Camper Age Levels

### *4-9 Peace Campers*

**Peace campers** go through rotations of activities each day to gain an understanding of what peace is and how they can act as peacemakers. Conflict resolution focuses on how they can solve personal & familial problems.

### **10-11**

### *Jr. Counselors in Training*

**JCITs** have a similar schedule to peace campers, but work to explore peace on a deeper level, and engage in community-based projects and thinking.

### *12-14 Counselors in Training*

**CITs** spend half of the camp day learning how to work with younger children, with the supervision and feedback from their team leader and the CIT supervisor. For the other half of the day, they come together to experience peace, build character, learn about divisive issues in our society, and brainstorm solutions to real-world problems.
